GAMES

| RC ON ROAD TRACK

RC on road is synonymous with exciting duels, common fascination with speed and spectacular cars.

Professional Tracks designed and implemented to experience the full force of the RC onroad cars. Customized cars can also be made like Disney Pixar Cars 3.

| SHOOTING RANGE

At RSG we are proud to provide the best and safest high end shooting ranges. Whether indoor or outdoor, we provide all the necessary material for a flawless shooting experience.

We also provide equipment for gun shooting as well as skeet shooting.

| RC OFF ROAD TRACK

RC off road is as well exhilarating, with speed, spectacular tracks and cars. Professional Tracks planned and applied to experience the full force of the RC off road cars. Customized cars can be made based on client's personal taste.

| BASKETBALL

At RSG we build custom athletic courts for indoor and outdoor sports for all levels of play, from recreational to professional.

We provide custom court designs to meet the unique needs and desires of our clients' personality and style, using durable, high-performance courts that start with the most innovative court flooring.

| PAINTBALL

RSG designs and construct world class Paintball courses to various clients including sports clubs and private properties as well as their maintenance and refurbishment. We offer multiple weapons such as grenades, shotgun, machine guns... etc.

| GO KARTING

Our circuits are designed to CIK standards allowing for the safe use of all types of racing and leisure karts.

| ARCHERY / CROSS BOW

Regardless of the type of crossbow archery that you may prefer, one thing for sure is that they are a great and wonderful way of having fun. RSG provides its customers with world class archery and crossbow bow equipment, professional targets, high end crossbow and arrows.

| TENNIS

RSG designs and build tennis courts to various clients including sports clubs and private properties. RSG also provides maintenance and refurbishment.

| VOLLEYBALL

Depending on the area available our design team will custom fit a volleyball court for you using the best and the safest material available, to provide you with the greatest and most entertaining experience.

GAMES

| SMART CLOTHING

A human-to-digital interface designed in the form of a full-body XR suit. Three integrated systems include haptics, motion capture and biometry, to provide realistic immersion and accelerate mastery.

| MECHANICALLY ADVANCED VR

Two options are available for this special type of virtual reality. Motorized cables with head mount display, and robotic arm with cabin and screen, both provide you with a high level of virtual reality experience.

| VIRTUAL REALITY GEAR

Unlike traditional user interfaces, VR places the user inside an experience. Instead of viewing a screen in front of them, users are immersed and able to interact with 3D worlds. We provide the top high end and wireless gear available now.

| IMMERSIVE VR RIDES

Our immersive VR rides allows users to experience artificial environments as the real world, view ultrarealistic ocean VR Adventure, 6D of motion platform along with winds, sounds, scents and interactive effects.

| IMMERSIVE PODS

Fully immersive platforms deliver incredible virtual reality content, with stunning wrap around sound and multi-directional movement.

Each pod maximizes floor space, is easy to set up and can be branded.

| THEME PARK VR ROBOTS

RSG provides its clients with their own choice of theme park VR robots such as a Robo Coaster or Dances with Robots, as well as themed rides such as Harry Potter and the forbidden journey.

FITNESS

VR

FITNESS

SUPPORT SERVICES

SUPPORT SERVICES

Support & Maintenance Services

The technical support at RSG is an essential part of our services, in order to better serve our clients. We provide our assistance through different channels of communication ranging from phone to email, remote and on-site support. We cover up to four levels of supports:

- Level 1: Initial support level responsible for basic customer issues.
- Level 2: A more in-depth technical support level where our technical experienced engineers offer their expertise on a particular product or service.
- Level 3: Highest level of internal support for handling the most difficult or advanced problems. Our highly skilled product specialists will assist in problem resolution.
- Level 4: Outside support for problems not supported by our company. With our contractual support for some products offered by RSG, we forward the requests to concerned companies and monitor solution implementation.

In addition to our maintenance services, we provide adequate training to our clients' staff on operating and safeguarding the games' equipment, venues, software and hardware.

SUPPORT SERVICES

Support & Maintenance Services

Our maintenance engineers & technicians are qualified professionals who are trained to diagnose, repair and maintain the gaming equipment, machinery, and facilities.

Our maintenance services include routine maintenance tasks such as inspection, cleaning, lubrication, and adjustment of equipment to ensure it is running smoothly and efficiently. They may also perform more complex repairs or replacement of components to fix issues that arise.

Support & Maintenance Services provided by RSG include:

- Conducting routine maintenance on equipment
- Troubleshooting equipment problems
- Repairing or replacing faulty components
- Performing tests and inspections to ensure equipment is functioning properly
- Keeping accurate records of maintenance activities
- Providing training to clients' staff on equipment maintenance and safety procedures

Overall, maintenance services and technicians are essential for keeping equipment and facilities running efficiently and safely, ensuring productivity and preventing downtime due to equipment failure.
